

## DT-1575SR SHREDDER

**“Waste management equipment for the demanding maritime and offshore industry that gets the job done efficiently, safely and in an environmentally responsible manner.”**

The DT-1575SR is manufactured in stainless steel and especially suited for use onboard ships and offshore installations. The compactor is delivered with a wheeled C-1500 container for easy and effective waste logistics.

The modular design of the DT-1575SR makes it perfectly suited for source segregation according to MARPOL guidelines, simply by adding extra containers for different waste categories.

MARINE

OFFSHORE

NAVY

CRUISE

YACHT

FISHING

ONSHORE

The DT-1575SR can be used as a free-standing unit or in combination with other DT1500series products as the C-1500 container is interchangeable between them. Combining a DT1500series waste compactor and shredder is the most effective way to ensure extreme volume reduction and significantly reduced waste handling cost.

### Key Benefits:

- Stainless steel design for indoor and outdoor placement.
- Shredding directly into bags for easy and safe deployment of waste.
- Delitek Products are verified for use in marine and offshore industries by DNV.
- Powerful electric motors for high shaft torque.
- Easy installation and operation (Plug & Play).

### Technical specifications

Material	Stainless steel AISI 304 or AISI 316
Capacity	1,5m <sup>3</sup>
Loading opening (W x H)	660mm x 483mm
Dimensions (W x D x H)	1460mm x 1657mm x 2728mm
Weight (Incl. container)	1382 Kg
Motor voltage	380~440V, 3Ph, 50~60Hz
Motor power	7,5 kW
Shredding surface	480mm x 560mm
Shaft torque	4580 Nm
Noise level	<70dB

\*All specifications are subject to change without notice.
