DT-200GC
GLASS CRUSHER

“Waste management equipment for the demanding maritime and offshore industry that gets the job done efficiently, safely and in an environmentally responsible manner.”

The DT-200GC glass crusher is manufactured in stainless steel and especially suited for use onboard ships and offshore installations. Especially suited for crushing glass bottles, jars and similar glass materials. The compactor is delivered with a wheeled C-200 container for easy and effective waste logistics.

The DT-200GC can be used as a free-standing unit or in combination with other DT200series products as the C-200 container is interchangeable between them.

Key Benefits:

- Designed in stainless steel for indoor and outdoor placement.
- Ideal for indoor installation onboard vessels and retrofit.
- Crushing directly into big bags for easy and safe deployment of glass waste.
- Delitek Products are verified for use in marine and offshore industries by DNV.
- Powerful electric motors.
- Easy installation and operation (Plug & Play).
- Safe operation due to complete enclosure of the container. No migration of dust.

Technical specifications

Material	Stainless steel AISI 304, AISI 316 or painted steel
Capacity	0,2 m^3
Feeding tube diameter	Ø 162mm
Dimensions (W x D x H)	765mm x 1032mm x 1720mm
Weight (Incl. container)	152 Kg
Motor voltage	220V / 380~440V, 3Ph, 50~60Hz
Motor power	<1,8 kW
Noise level	<65dB Max

*All specifications are subject to change without notice.
