

## DT-500GC GLASS CRUSHER

**“Waste management equipment for the demanding maritime and offshore industry that gets the job done efficiently, safely and in an environmentally responsible manner.”**

The DT-500GC glass crusher is manufactured in stainless steel and especially suited for use onboard ships and offshore installations. Especially suited for crushing glass bottles, jars and similar glass materials. The compactor is delivered with a wheeled C-500 container for easy and effective waste logistics.

The DT-500GC can be used as a free-standing unit or in combination with other DT500series products as the C-500 container is interchangeable between them.

## Key Benefits:

- Designed in stainless steel for indoor or outdoor placement.
- Ideal for indoor installation onboard vessels and retrofit.
- Crushing directly into big bags for easy and safe deployment of glass waste.
- Delitek Products are verified for use in marine and offshore industries by DNV.
- Powerful electric motors.
- Easy installation and operation (Plug & Play).
- Safe operation due to complete enclosure of the container. No migration of dust.

## Technical specifications

Material	Stainless steel AISI 304 or AISI 316
Capacity	0,5 m <sup>3</sup>
Feeding tube diameter	Ø 162mm
Dimensions (W x D x H)	971mm x 1202mm x 1845mm
Weight (Incl. container)	230 Kg
Motor voltage	220V / 380~440V, 3Ph, 50~60Hz
Motor power	<1,8 kW
Noise level	<65dB Max (Idle) <i>Intermittent higher during glass crushing</i>

\*All specifications are subject to change without notice.
